

CARRIER SERVICES

NOBEL IS GLOBAL!

QUALITY DRIVEN

Our team is constantly striving to achieve the quality benchmarks for each product and destination. This is made possible by our advanced software tools, built to monitor traffic in real-time and our dedicated NOC 24/7. Route performance is tested daily in order to constantly improve quality stats.

SWAP DEALS

Nobel is one of the market leaders in the USA prepaid calling cards market with over 2 billion retail minutes per year. This enables us to engage in long term bilateral agreements with most of our partners.

FINANCIAL STRENGTH

Nobel has a strong Financial Balance Sheet that is audited annually by KPMG International. Our Financial strength makes us one of the few Independent Carriers that have the resources to support PTT's, ILEC's and CLEC's world-wide and elevates us to an envied position in the Industry.

CAPACITY AGGREGATOR

Nobel commits to being a carriers' carrier, aggregating numerous niche carrier capacity on various markets and creating reduced cost opportunities to carriers who lack the resources to micromanage such high maintenance suppliers.

DIRECT ROUTES

By maintaining and continuously adding a high number of direct interconnections, Nobel wishes to become a reliable supplier of competitive high quality routes and capacity to tier 1 carrier. Today Nobel can offer 100% CLI routes at affordable pricing on over 100 countries worldwide.

NOBEL ROUTING

In terms of routing, the Wholesale division has the benefit of percentage routing, multiple partitions and routing by code. The setup allows managing routing for each customer on its individual set of partitions, according to each product.

DEDICATED 24/7 NOC

Nobel's NOC offers around the clock services in our constant focus to maintain our quality stable and address any reported issue accordingly.

HIGH TRAFFIC VOLUMES

Since the Nobel Wholesale division was formed in 2003, the business has been on a constant growth trend and has currently reached more than 2 billion minutes per year.

NOBEL CORPORATE PROFILE

Nobel is a market leader in the global telecommunications industry. Founded in 1998 by Thomas C. Knobel, Nobel has grown rapidly. Being the first company to tackle the online prepaid phone cards market with NobelCom.com, Nobel is now offering a variety of telecommunication services, including the online selling of prepaid virtual phone cards worldwide, physical distribution of phone cards in the US, postpaid and superior carrier services through its PoPs in Los Angeles, New York, Toronto, London, Frankfurt, Hong Kong and Bucharest.

Mission Statement

**TO BE THE LEADER
IN THE INTERNATIONAL
VOICE BUSINESS.**

We achieve this by embracing our individual talents and our team's entrepreneurial spirit to the fullest potential.

BUSINESS DIVISIONS

CONSUMER

www.nobelcom.com
www.nobelcom.co.uk
www.enjoyprepaid.com

Through its websites, Nobel offers a variety of 'virtual' prepaid and postpaid calling cards to customers that want to communicate long-distance at competitive rates and high quality.

WHOLESALE

www.nobeltel.com

NobelTel is a facilities-based carrier, with presence in seven global Super-PoPs. NobelTel operates an advanced TDM/VoIP network, supported by a 24/7 NOC.

DISTRIBUTION

www.talkhome.com
